STANADYNE™ Fuel Additives

Stanadyne Performance Formula® protects your diesel engine and restores engine performance. The detergency and cetane improver in Performance Formula will help restore fuel economy, increase horsepower and torque.

Restores/Increases Horsepower – detergents clean deposits in the injection system resulting in improved combustion, better acceleration, power, and torque, Reduces Fuel Consumption – independent tests show an average of 4% improvement in MPG and gains up to 9.6% Cetane Improver – improves combustion resulting in better engine starting, smooth running, and reduced engine noise Meets all engine fuel system requirements and will not harm exhaust aftertreatment systems Reduces Emissions – reduces Smoke and Particulates Cleans and Protects – detergents and deposit modifiers help protect injection pumps, injectors, nozzles, etc. Reduces Wear – lubricity improves restore lubricity to ultra low sulfur and other low lubricity diesel fuels Stabilizes Fuel - keeps fuel fresher and protects against formations of gums caused by oxidation Cold Weather Protection – improves diesel pour point up to 40°F (22°C), and cold filter plug point by up to 25°F (13°C), depending on base fuel Corrosion Preventative– Corrosion inhibitors will protect the fuel system from rust and corrosion Helps Remove Water – special demulsifiers cause tiny water droplets to come out of suspension/emulsion, so the filter/separator can more effectively remove water Contains No Alcohol – avoids corrosion and accelerated wear Specially Formulated for use with ultra low sulfur diesel fuel Can be used with Bio Diesel Fuel up to B20 (20% bio content approved) – increased water separation shown in bio content up to B20

Part Number	Description	Ctn Size	Special Each
BF 38565P	Performance Formula 16oz Treats 60 Gal	12	\$5.89
BF 38566P	Performance Formula 64oz Treats 240 Gal	6	\$20.27
BF 38567P	Performance Formula 5 Gallon Treats 2,500 Gal	1	\$181.96
