

AMERICAN FORGE & FOUNDRY™

EXPIRES 03/31/17

TRUCK STAND 20 TON

AF 3314

- Efficient pin-type post with four height adjustment positions
- Adjusts from 12" to 20"
- Large 3" x 5" saddle
- Stable 10" x 10" steel base
- Balanced carrying handle
- 2009 ASME/PALD compliant

\$140.00

TRUCK WHEEL DOLLY

AF 3590A

- Designed for "one-technician operation" reducing repair labor costs. Ideal for road service applications.
- 300 lb. capacity
- Rugged tubular steel construction
- Handles wheels up to 24" diameter
- 8" rollers turn and pivot for accurate and efficient alignment of mounted truck tires with hub studs

\$60.00

PROFESSIONAL-DUTY GREASE GUN

AF 8000

- 10,000 PSI
- 14 oz. capacity via cartridge suction or bulk loading
- Heavy-duty, aluminum die-cast head
- Bulk loader & air bleeder valv
- Four-jaw coupler with ball chec

\$20.00

20 TON SUPER DUTY AIR/HYD BOTTLE JACK

AF 5620SD

- Welded tank and frame – for stronger performance in rough service conditions and in the case of off-center loading
- 1-1/8" thick base – provides stable lifting platform on poor surfaces
- High-strength steel ram and cylinder supported by a longer ram guide – better safety in off-center load conditions
- Internal release screw – heavy duty internal release screw is protected by base design to avoid accidental release/damage
- Can be operated by either air or manually; handle included

\$225.00

12 TON SUPER DUTY AIR/HYDRAULIC BOTTLE JACK

AF 5612SD

- Fully welded tank and frame for superior strength and rugged durability
- 1-1/8" thick base – provides stable lifting platform on poor surfaces
- Specially engineered air motor for consistent and reliable operation
- Dual return springs allow easy and controlled descent
- Shielded release screw helps prevent accidental lowering or damage
- Can be operated by either air or manually; handle included; hose swivels for ease of operation; ASME 2009 compliant

\$192.00

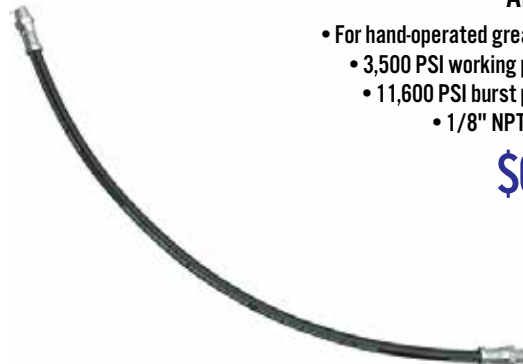

18" GREASE GUN HOSE

AF 8018

- For hand-operated grease guns
- 3,500 PSI working pressure
- 11,600 PSI burst pressure
- 1/8" NPT threads

\$6.00

MARCH MADNESS

COOK
BROTHERS
TRUCK PARTS

2017

1/2" AIR IMPACT WRENCH WITH 2" EXTENDED ANVIL

AF 7665

- Steel hammer casing for greater durability and protection
- Convenient forward/reverse switch for quick directional changes
- Adjustable throttle settings for maximum control
- Hammer and anvil constructed of special tungsten and titanium alloy to provide greater service life

\$73.00

1" AIR IMPACT WRENCH WITH 6" EXTENDED ANVIL

AF 7685

- Produces 1,912 ft-lbs. of hard hitting torque in both forward and reverse directions
- All-aluminum casing and rocking dog hammer mechanism make this tool powerful, durable, and reliable
- 6" extended anvil for easier access to recessed lug nuts on trucks and tractors
- 3 forward / 3 reverse speeds and an aluminum D-handle for more precise control
- Exhaust port directs air away from operator

\$301.00

5 GALLON BUCKET LEVER PUMP

AF 8050

- Designed for use with differential fluids or heavier oils
- 48" fuel-resistant PVC hose with nozzle
- Delivers 1 pint per stroke

\$42.00

PISTOL-GRIP GREASE GUN

AF 8003

- 5,000 PSI with flexible hose
- Comfortable one-hand operation in confined spaces
- Heavy-duty aluminum die-cast head
- Four-jaw coupler with ball check
- 14 oz. capacity via cartridge or suction
- Ship weight 4 lbs.

\$22.00

15-55 GALLON HAND ROTARY PUMP

AF 8070

- Cast iron pump housing with heavy-duty cast vanes and Nitrile rubber seals
- Three-section 37-1/4" telescopic suction tube with interchangeable bung adapter
- Delivers 1.3 gallons per 20 turns
- 1" pump inlet
- Use for diesel fuel and non-corrosive petroleum-based fluids of light-to-medium viscosity (diesel, kerosene, heating oils, motor oils, lubricating oils up to SAE 90)
- Not for use with water based media, antifreeze, solvents, acids, and gasoline
- Wetted components: steel, cast iron, NBR

\$54.00

LEVER ACTION PUMP

AF 8055

- For use with DEF, water-based media, detergents, soaps, antifreeze, windshield washer fluid, hydraulic oils, lubricants, herbicides, and pesticides.
- Anti-siphon vent cap allows pump to also be used as a siphon after several pumps. Loosen vent cap to break siphon action.
- Designed to pump high viscosity oils without excessive fatigue
- Delivers 1 pint (500ml) per stroke; built-in 2" bung adapter
- Pump includes suction tube for use with 15-55 gallon drums, and a 3/4" dia. by 3' long discharge hose
- Wetted components: polyacetal, polypropylene, polyethylene, PVC, Viton. Not for use with fuel, thinners, solvents.

\$79.00
