# Bostrom®

## S E A T I N G

For those long hours on the road, the Patriot Series offers a wide platform seat with plenty of room to sit comfortably. Its Flex Support Cushion System reduces cushion compression, providing you with more support to drive longer. The Patriot's scissor action suspension has superior weight distribution, giving you a more stable driving platform. Additionally, Bostrom's patented ParaBar II manual lumbar offers a continuous range of adjustment. The Patriot's two piece seat feature maximizes your investment by providing easy access to the suspension and future replacement of the back cushion. Don't tolerate discomfort, drive for miles enjoying Bostrom's Patriot Series seat.

Item Number	Item Description	Special Price

# NATIONAL SEATING®

The Captain series is built on the top-selling truck seat platform which is known for its ergonomic comfort and low cost of ownership. With the right combination of adjustments such as air lumbar and rear cushion tilt, the Captain is ideal for most general trucking applications. Featuring the 'chugger-snobber' seat isolator, the Captain series truck seat will keep you and your truck moving allowing you to focus on getting the load to where it needs to go. The 95 air suspension with 6" of vertical travel delivers comfortable buffering from road vibration and is suitable for class 7-8 Heavy trucks.
