Power Edge DPF's

Higher-grade stainless steel canisters improve durability and resist corrosion over OEM units

Stringent testing process ensures proper function and reduced backpressure

Tough cordierite substrate with advanced catalyst improves DPF durability and efficiency

Application-specific designs and included gaskets ensure quick replacement of OEM units

Part Number	Item Description	Special
DQ DC1-BF006	DPF Cummins ISB 6.7	\$1,053.00
DQ DC1-C1205	DPF Cummins ISC 8.3/ISL 9 and	\$1,326.00
