

Bendix® Oil Coalescing Air Treatment Solutions

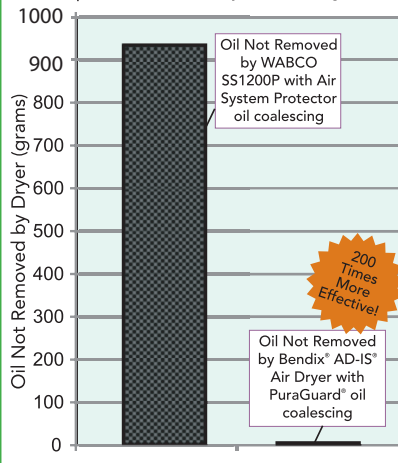

Protect Your Investment
Trust the Best... Trust Bendix.

With EPA '07 and EPA '10, the pressure is on you to protect your investment in new vehicle technologies.

When air contaminated with oil is sent into these systems, you risk considerably shortening its life and possibly spending a great deal to repair it.

Oil Coalescing Air Dryer Comparisons
(Based on 150k miles, 3000 hr operational year, compressors with oil-carry-over of 3.0 g/hr)

Choose PuraGuard® oil coalescing air dryers by Bendix Commercial Vehicle Systems. They're the best in the business, with competitive test data to prove it.

**We say Bendix makes the best air dryers.
You say, prove it.**

The competitive test data, shown in part on the chart, demonstrates the superior oil coalescing performance of Bendix air dryers. According to the data, Bendix PuraGuard oil coalescing equipped air dryers outperform WABCO oil coalescing equipped air dryer cartridges in head-to-head comparisons. Bendix unequivocally removes more oil.

Based on the data, the Bendix® AD-IS® air dryer with oil coalescing is over 200 times more effective at removing oil than the WABCO SS1200P air dryer with Air System Protector oil coalescing.
